STITCH 'N' TURN MINKEE® MONSTERS INSTRUCTIONS

Supplies:

- OESD Design Collection #12399 Minkee® Monsters
- 2 pieces Minkee® fabric one inch larger than chosen design
- Mesh Cut-Away Stabilizer
- Water soluble topping
- Temporary spray adhesive
- Polyester stuffing (extra-soft stuffing is recommended)
- Hand needle

Instructions:

1. Hoop a single layer of Mesh Cut-Away stabilizer.
2. Spray the stabilizer lightly with temporary spray adhesive.
3. Stitch the first color, which is the "Placement Stitch".
4. Place a piece of Minkee® fabric right side up onto the mesh cut-away stabilizer, being sure to entirely cover the "Placement Stitch" with approximately ½" excess on all sides. **(Photo 1)**

5. Lightly spray a piece of water soluble topping with temporary Spray adhesive. Place the topping sprayed side down onto the Minkee® fabric.
6. Attach the hoop to the machine and select the monster design of your choice to stitch. Embroider all but the last color of the design. Refer to the cut in place appliqué directions for stitching the appliqué areas.

NOTE: Designs 12399-10 and 12399-11(not stitch 'n' turn) contain appliquéd pockets. Refer to the following directions that are specific to these designs.

7. Remove the hoop from the machine, but DO NOT remove the fabric from the hoop.
8. Clip all jump threads.
9. Gently tear away excess topping. (Do not wet to remove at this time). **(Photo 2)**

10. Place another square of Minkee® fabric right side down directly over the first piece. If desired, pin or tape at corners to secure.

11. Reattach the hoop to the machine and stitch the final color change, which is the "Seam Stitch". This will stitch through both layers of Minkee® fabric. **(Photo 3)**
12. Remove the hoop from the machine and the fabric from the hoop.
13. Using embroidery scissors, carefully cut out the Minkee® project close to the stitching line. Clip curves as needed.

14. Cut a slit approximately 1 ½" long in the back (non-embroidered side). **(Photo 4)**
15. Turn the animal right side out. Use a chopstick to turn out corners and curves. **(Photo 5)**

16. Stuff as desired with polyester stuffing. Slip stitch the slit closed.
17. If any water soluble topping remains, remove following manufacturer's instructions.

For Extra Fun:

Add definition stitching with a sewing machine or by hand.

Stitch ribbon bows or embellishments on your Pals to dress them up. Please keep in mind the age of the person to be using the Minkee® Monster and plan (or omit) add-ons accordingly.

SPECIAL INSTRUCTIONS FOR POCKETS ON DESIGNS 12399-10 AND 12399-11

1. Stitch the design as you normally would, stopping after stitching the "Pocket Placement Stitch". (For design 12399-10 this is color #7 and for design 12399-11 this is color #6)
2. Carefully remove the water soluble topping from within this stitched line.
3. Cut a coordinating cotton fabric that when folded in half (wrong sides together with the fold to the top) measures at least 4 ½" wide x 5 ½" high.
4. Very lightly spray the back of this folded cotton fabric with temporary spray adhesive.
5. Center the folded cotton fabric over this stitched line, lining up the fold of the fabric with the top edge of the stitched line. The cotton fabric will extend beyond the stitched line on the left and right sides as well as the bottom edge. **(Photo 6)**
6. Stitch the next color which will stitch the "Pocket Cut Line and Tackdown"
7. With small, sharp scissors, carefully cut away excess cotton fabric by cutting along the right and left sides as well as the bottom edge. Cut right up to the "Pocket Cut Line & Tackdown" stitch. **(Photo 7)**
8. Continue stitching. The next color change will stitch the "Pocket Cover Stitch". This will create a nice, clean satin stitch down both sides as well as the bottom edge to complete your pocket. The folded edge will be open so that your monster now has a nice hiding spot for a little love note, trinket or even a tooth for the tooth fairy. **(Photo 8)**

HINT: To customize this pocket, simply stitch a design or lettering before folding and cutting pocket fabric to size.
