8" & 13" STRAP CLAMPS

**Heavy Duty Rail Mounted
Clamps for all types of strap
sewing applications.**

The 8" strap Clamp will fit nylon & fabric strap widths from 3/8" to 1-1/2 "

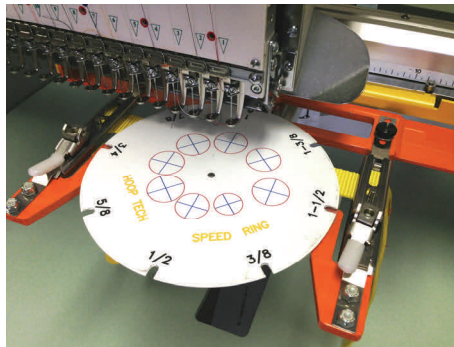

The 13" strap Clamp will fit thicker cotton, nylon & fabric strap widths up to 2.5"

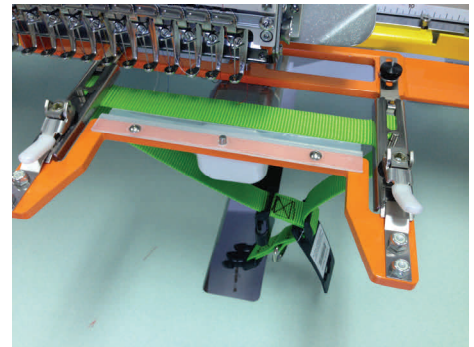

Great for Nylon Strapping - Dog Collars - Leashes - Military Name Tapes - Martial Arts Belts - Horse Bridles - Key Chains - Luggage Tags and more.

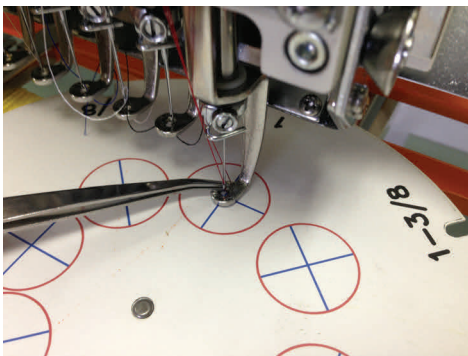

Heavy Duty cam lever, split channel clamping arm with strap guide for quick repositioning.

Patent pending alignment tool for perfect alignment & centering every time.

Built in, easy to see, quick read alignment edge so you can see that the strap is parallel to the sewing field.

To use the alignment tool, simply pick the size strap you wish to sew, on the alignment wheel. Place the center hole of the wheel on the front pin and the notch for the strap size on the rear pin. Then hold the presser foot down and position the cross hairs directly under the presser foot using the manual movements on the machine. It's as easy as that!

Strap Clamps

Sewing on all types of strap material has never been so easy.
