Instructions for Magical 3-D Garden Embroidery

Items you will need:

- Fibrous water-soluble stabilizer for the 3-D embroidery pieces
- Cut-away stabilizer for the base embroidery
- Fabric scraps for the applique(s). (We used a crinkle pearlized shear fabric)
- Tape (such as Scotch brand)

Embroider the 3-D embroidery piece(s) first.

1. Wind the bobbin with coordinating thread to match design thread.
2. Hoop two pieces of the fibrous water-soluble stabilizer.
3. Embroider the 3-D embroidery piece, following the color-run information.
-If the 3D embroidery piece is an appliqué, follow the appliqué steps below.

Applique Steps

- Embroider 1st color change, which is the outline stitch.
- Place appliqué fabric over the outline and tape into place.
- Embroider 2nd color change, which is the tack down to tack down the appliqué fabric.

[Note: Applique fabric should be a little bigger than the outline].

- Trim the fabric ¼" close to the tack down stitches.
- Embroider the remainder of the design. Go to step 4.

4. Remove from the hoop.
5. Trim the water-soluble stabilizer close to the outside edge.
6. Rinse away the water-soluble stabilizer.
7. Lay flat to dry.

Some designs have more than one 3D Embroidery piece. Embroider all 3D pieces first.

Embroider the base embroidery design last:

1. Hoop the item that you want the finished design embroidered on.
2. Follow the color changes, After each Outline, place the corresponding 3D piece over the outline, tape into place, and stitch the Tack down color change. Proceed with remaining color changes, if any.
