Be sure to follow the order of assembly! It will make the piecing easy and quick.

The diagram to the right will show the placement of shapes based on the colors we are using for this pattern.

You can use the same color combinations I used or create your own!

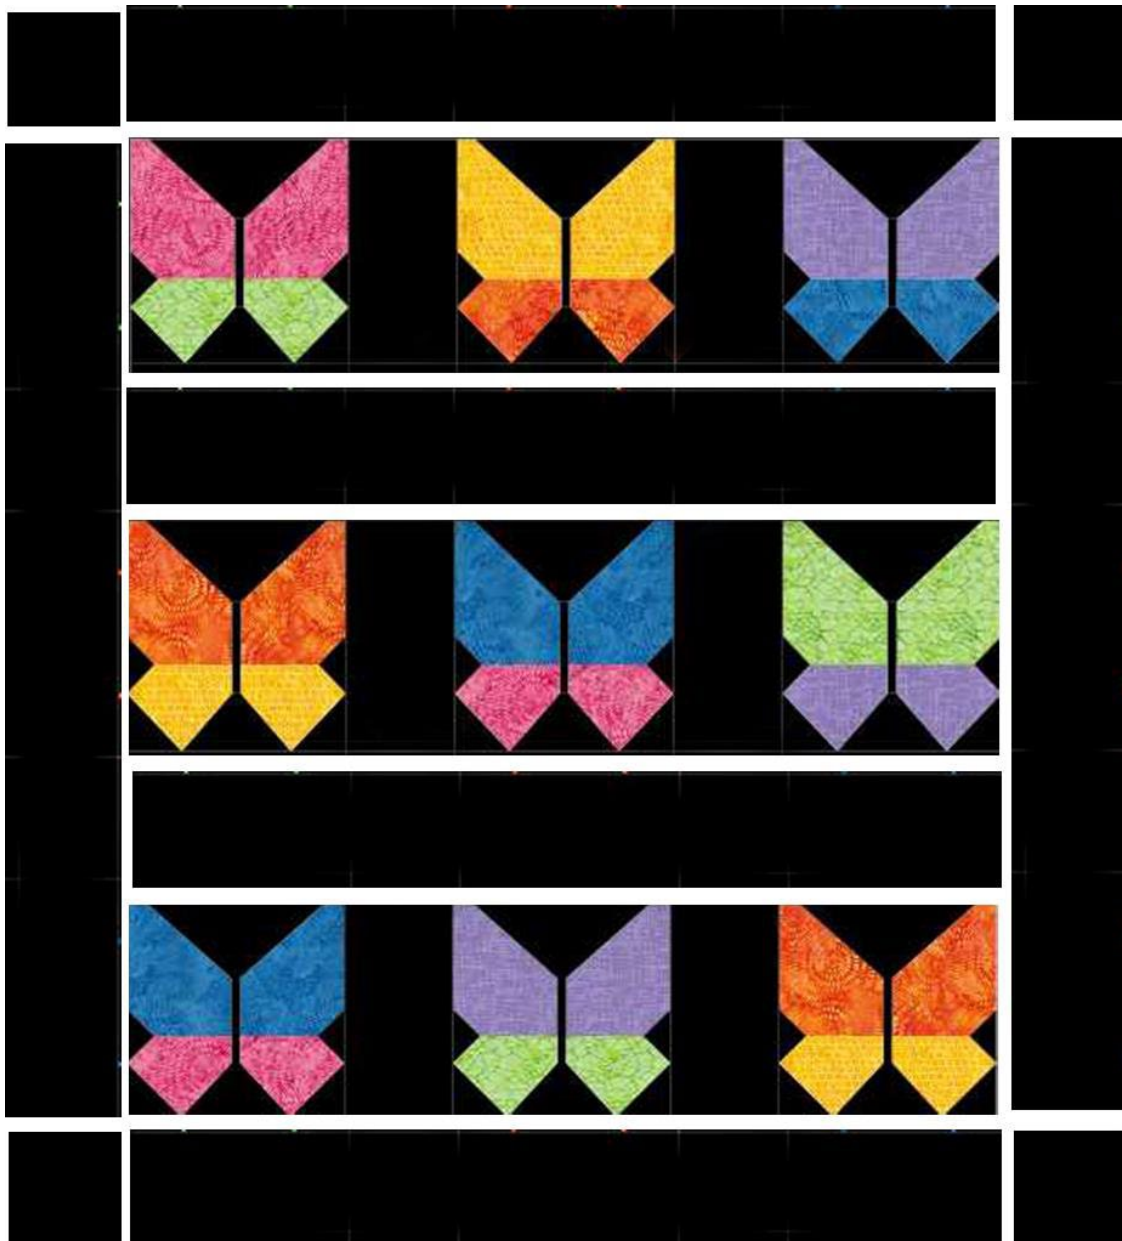

Do not worry about which colors to combine to create your butterflies until after you have sewn the A & B sections to the background pieces. Once these are assembled you can mix and match!

1. This Quilt is a large 9 with sashing rows in between.
2. SEW 3 butterfly blocks and 2 – 5" X 9-1/2" rectangles together to make a ROW
3. Repeat with remaining butterfly blocks and rectangles. MAKE 3 ROWS
